## Natal Transits Reading for Brad Pitt For 1 Month Starting 01-Sep-16

### Introduction

The following pages describe the major transits that you will be experiencing over the coming period. These pages can give you insight into the challenges that you will encounter and the underlying lessons that they offer you. There are literally hundreds of transits occurring for you each year, so this report focuses on those which occur more infrequently and therefore present the greatest challenges.

The "Exact" transit dates and immediately prior to those dates are the times when the energies described will be felt most strongly and when actual events related to the transit are most likely to occur. Many transits will have three "Exact" dates listed. This is because the transiting planet goes retrograde (R) and then direct (D) again, causing three "hits." When this is the case, the issues associated with the transit will surface on the first hit, there will be some progress toward resolving these issues on the second hit, and the third hit will bring final resolution.

Read your transit report over once now to get a general overview of the coming period. Then, as the issues described in this report begin to appear in your life, you can refer back to this report for suggestions on how to best handle the changes that you are experiencing. Even the worst transit can be a valuable experience if you are fortunate enough to "get" the lesson that it offers.

The readings stress that you are the ultimate decider of your fate. Astrology can give you a "weather report" on the energies influencing you, but it is up to you to decide how you will react. Some people can benefit greatly under normally difficult transits because they eagerly meet the challenge head on. Others will not benefit from the most positive transits because they did not pursue opportunities presented to them. Request a personal reading if you would like to examine your upcoming changes more thoroughly.

Now on to your personal transits report.

You are more organised than usual now, and your business affairs are likely to run smoothly. If you are willing to work hard now, you can establish solid foundations in your life upon which to build for your future. Although things work out better than usual now, this is not merely a run of luck; you've worked for everything you will get. With your healthy mix of optimism and caution, you can accomplish a great deal.

This is an excellent time for career advancement, especially in areas related to politics, law, science, education, religion, travel or business administration. Supervisors and authority figures who are in a position to help you will do so now. They can see that you are a worthwhile investment and realise that they too will benefit from becoming

## Natal Transits Reading for Brad Pitt For 1 Month Starting 01-Sep-16

your allies. Since you are willing to compromise and co-operate now, you can team up with others and accomplish a great deal more than you could on your own.

It is easy for you to plan for the future now because you have a clear vision of where you want to go in life. But you also have patience and a willingness to work steadily toward your goals. You are practical enough to see that achieving them will take time and don't expect to reach the top tomorrow. Now is a good time to make long-range plans and to organise your life accordingly. It would also be wise to utilise this fortuitous combination of good luck (Jupiter) and practicality (Saturn) by putting some money aside or investing in a carefully considered project.

During this time you may receive valuable counsel from persons who are much older than you. The more you can humble yourself and respect their wisdom, the more you will grow through your association with such teachers.

**Mars square Pluto: 01-Sep-16, Exact**  
**enters orb: 01-Sep-16, 0.18 deg. orb - leaves orb: 03-Sep-16, 1.00 deg. orb**

This combination can produce a despot if challenged. Avoid angry scenes and potential violence. Chances of winning are poor.

**Saturn square Uranus: 01-Sep-16, Exact**  
**enters orb: 01-Sep-16, 0.02 deg. orb - leaves orb: 22-Sep-16, 1.00 deg. orb**

Saturn will square Uranus twice in each of its 28- to 30-year cycles. This is a rather difficult transit to handle, especially if you have become too inflexible in your thinking and habit patterns. You feel a strong desire for new, exciting experiences, but your efforts to seek them out seem to be blocked by outside forces. You may react by making radical and (to others) surprising changes in your life.

Any tensions you have been living with on a day-to-day basis will come to a boiling point now. You may be forced to make changes that should have been made long ago, and the harder you hold on to the status quo, the more difficult the changes will be. You may as well co-operate; you can't stop them from taking place, you can only try to direct them. This transit can indicate sudden financial loss, especially if your fortune was acquired through questionable means. Legal conflicts and problems with government agencies are possible.

The challenge of this transit is to make necessary changes in your life without disrupting the basic structure. You must find a balance--don't make changes just for the sake of change, and don't resist change when you instinctively know it is needed. And don't

## Natal Transits Reading for Brad Pitt For 1 Month Starting 01-Sep-16

"throw the baby out with the bath water" when rearranging your life. Keep what is solid and valuable to your growth.

If you resist change now or become too revolutionary in your efforts to bring about change, you may encounter accidents, injuries or illnesses. You may also experience problems in your personal relationships, especially if they have been restricting you. Any such relationships may break up now, and you will realise later that it was for the best.

You may also undergo radical change in your career--such as getting fired or suddenly quitting. This may come as a result of sudden changes or occurrences on the job which prompt the release of long pent-up tension. You do not get along well with authority figures in general under this transit. Learn to think twice before opening your mouth.

**Sun trine Mars: 01-Sep-16, Exact**  
**enters orb: 01-Sep-16, 0.84 deg. orb - leaves orb: 02-Sep-16, 1.00 deg. orb**

Physical activity and professional endeavours benefit from increased energy and co-ordination. Accomplish something.

**Sun conjunct Uranus: 01-Sep-16, Exact**  
**enters orb: 01-Sep-16, 0.87 deg. orb - leaves orb: 02-Sep-16, 1.00 deg. orb**

A surprise or two is in store, as the status quo is broken up by the unexpected. Rebellious tendencies arise.

**Chiron sextile Venus: 03-Sep-16, Exact**  
**enters orb: 01-Sep-16, 0.09 deg. orb - leaves orb: 19-Sep-16, 0.75 deg. orb**

This transit will occur only twice in each 50-year cycle of Chiron. Your love life will be a source of major change now, as you closely re-examine your long-held habits and patterns in relationships. You now understand that it is essential that the needs of both partners be met (not just one) in order for a romance to succeed. If you have no romantic partner, you'll yearn for someone to love and care for. You seek a mate who is supportive and helpful, and you're willing to give the same. Your new attitude toward love may clear the way for a new partner to enter your life now. If you're already in a committed relationship, the changes in you will either improve the partnership, or lead to its end. Either way, in retrospect you'll be able to see that it was for the best.

## Natal Transits Reading for Brad Pitt For 1 Month Starting 01-Sep-16

This is an excellent time to re-examine ways in which childhood wounds have limited your ability to give and receive love. The more progress you can make toward healing these scars, the easier it will be for you when Chiron conjoins or squares your natal Venus in a few years. You now have the opportunity to revolutionise your love life. Instead of having to repeat past mistakes over and over, you can more easily attract someone with whom you can share a life of joy and fulfilment. If you do meet such a person now, it is likely that you'll feel you've known them forever. Any love relationship you begin now will be very spiritual in nature.

You have a higher appreciation for the arts now and may even discover that you have hidden creative talents. If you keep an open mind, you can easily see beauty in everything (and everyone) around you. As a result of what you're learning now, you are revising your entire value system. This is a good time to closely examine your priorities and decide who or what is truly important in your life. Then stand up for your values, without worrying what others will think. This new attitude of yours will open up new doors of opportunity for your future success. As you rearrange your priorities, you may take a new job, or change professions entirely. This would be an excellent time to explore a career in the healing arts. Once you've learned to heal yourself, you'll be a natural at healing others.

**Sun square Ascendant: 03-Sep-16, Exact**  
**enters orb: 01-Sep-16, 2.00 deg. orb - leaves orb: 04-Sep-16, 1.00 deg. orb**

This transit can signify ordinary frustrations and setbacks, possibly involving a male figure. It occurs twice a year and only lasts a day or two, affecting your dealings with others.

**Neptune conjunct Chiron: 04-Sep-16, Exact**  
**enters orb: 01-Sep-16, 0.10 deg. orb - leaves orb: 01-Oct-16, 0.69 deg. orb**

This Neptune transit will occur only once in your lifetime and is a time when you are extremely sensitive, emotionally, psychologically and spiritually. You are highly intuitive and may discover that you have telepathic or other psychic abilities. This can lead you to take on the feelings of others you encounter (and perhaps their problems too). You must learn to separate your feelings from those of others around you, to prevent your psychic energy from continually being drained. Remember to keep your energy level high during this time, or you'll be of no assistance to anyone (especially yourself). If you should encounter personal crises now, just keep moving forward, one day at a time. Avoid the temptation to escape from life's harsh realities through the use of alcohol or drugs (prescription or otherwise).

## Natal Transits Reading for Brad Pitt For 1 Month Starting 01-Sep-16

You are highly idealistic now, and in your efforts to lead a more spiritual life, you try to see the good in every person and situation. This is an admirable goal, yet you should also listen to warning signs, as some people will try to take full advantage of your good graces. If others should disappoint or even deceive you now, you'll be more compassionate and forgiving than usual. You have faith in the intricate workings of the universe (and karma), so you feel no need for punishment or revenge.

This is an excellent time to get away on a spiritual retreat or vision quest. Your consciousness is wide open to other realms, and you may have psychic or spiritual experiences. You may also explore alternative forms of healing, such as acupuncture, homeopathy, aromatherapy, or healing with crystals and prayer. These approaches to health care may produce better results now than more traditional methods you've tried. After seeing how effective they are, you may even consider a new career in one of these fields.

### **Saturn square Chiron: 14-Sep-16, Exact**

**enters orb: 01-Sep-16, 0.53 deg. orb - leaves orb: 30-Sep-16, 1.00 deg. orb**

This transit will occur only twice in each 28- to 30-year cycle of Saturn. The older you are at the time it happens, the more "set in your ways" you're likely to have become. Try to remain open to change during this time, and allow yourself to question what you may have previously considered to be ultimate authority. Events in your life will put you in the position to choose between what you believe is best and what you are told (or ordered) to do, by your most respected superiors, leaders, or family members. It's possible you'll change jobs or careers for ethical reasons. You have little patience with rules and regulations now, and this can cause conflict with employers or authority figures. Just remember that even if there's corruption and injustice to reveal, you must bring about reforms in a way that does not endanger you.

You will closely review choices you've made in the past and reassess your current life obligations. If you're only halfway committed to any person or situation (perhaps because of a sense of duty or obligation), you will decide either to change your attitude to one of full commitment or else terminate the contact altogether. It's also possible that responsibilities you've shirked in the past will resurface to be fulfilled (especially involving your parents or your children). If this occurs, be as fair and ethical as possible in your dealings, and look at it as a chance to correct past mistakes and repay karmic debts.

During this transit you may have a major breakthrough in your relationship with a major male role model from your youth, such as your father. You may be called upon to care for a loved one, or to change your career plans in order to fulfil an obligation to them. Although the childhood memories brought up by such events could be painful, it also allows you the opportunity to heal these old wounds and any unhealthy patterns they've caused in your life. You may seek new techniques for self-improvement, such as

## Natal Transits Reading for Brad Pitt For 1 Month Starting 01-Sep-16

acupuncture, chiropractic care, herbology, healing with crystals or prayer. You may even consider a new career in one of these fields.

### **Venus trine Saturn: 14-Sep-16, Exact**

**enters orb: 12-Sep-16, 2.00 deg. orb - leaves orb: 15-Sep-16, 1.00 deg. orb**

Benefits from older associates are possible. Long standing relationships enjoy affectionate renewal. The past beckons warmly today.

### **Sun trine Moon: 15-Sep-16, Exact**

**enters orb: 12-Sep-16, 2.00 deg. orb - leaves orb: 16-Sep-16, 1.00 deg. orb**

Personal and professional interests are in harmony. New relationships have positive effects.

### **Sun trine Venus: 15-Sep-16, Exact**

**enters orb: 13-Sep-16, 2.00 deg. orb - leaves orb: 16-Sep-16, 1.00 deg. orb**

This is a day to fall in love with love. Entertainment and beauty are satisfying and relationships bloom.

### **Mercury sextile Neptune: 16-Sep-16, Exact**

**enters orb: 15-Sep-16, 1.50 deg. orb - leaves orb: 18-Sep-16, 0.75 deg. orb**

The dream factor affects the mundane favourably. Insight is clear and compassionate. Others inspire.

### **Venus is in the 11th: 16-Sep-16, Moving Forwards at Degree 0 in a 25 Degree House**

Venus is in the 11th house now, making this a great time for group activities and friendship. Long-term goals and expectations benefit from warm relationships.

### **Chiron sextile Moon: 17-Sep-16, Exact**

**enters orb: 01-Sep-16, 0.74 deg. orb - leaves orb: 01-Oct-16, 0.62 deg. orb**

This transit will occur only twice in each 50-year cycle of Chiron. During this time, you will grow a great deal through your interactions with women, especially your mother or

**Natal Transits Reading for Brad Pitt For 1 Month Starting 01-Sep-16**

other female relatives. No matter what your own sex, you will develop a new perspective regarding women and femininity in general. This, in turn, will allow you the opportunity to finally heal these old scars, break free of destructive habits and patterns and change your relationships, instead of continually repeating the same mistakes. This is an excellent time to re-examine your negative behaviour related to childhood wounds (especially relating to your mother) that have never healed. The more progress you can make toward healing these scars, the easier it will be for you when Chiron conjoints or squares your natal Moon in a few years. Your own intuition is unusually accurate now, and you may even have spiritual or psychic experiences, or explore past-life memories at this time.

You are more aware of the needs of others than your own now, and more perceptive of subtle body language and other non-verbal communication. At this time you may seek out the company of children, as a parent or teacher. If you do not have children, you will probably entertain the idea now. Or you may attract adults who need mothering (or who will mother you). Your current desire to learn and grow from your early childhood experiences allows you to heal your own inner child through parenting. Any contact with children now, even at a summer camp, will be both challenging and rewarding: challenging because it will bring up painful memories of your early life, and rewarding because of the opportunity to heal very old wounds.

You may consider moving residences now, either because you think the change offers greater personal growth, or because of the needs of an important female in your life. Because you are very sensitive to your environment, your new location should be very nurturing. Now is a good time to heal your body as well as your emotions by breaking unhealthy habits such as smoking, overeating, or drinking too much coffee or alcohol. As you heal your family connections, all your unhealthy habits will become easier to shake. This is also an excellent time to try alternative forms of health care, such as herbs or acupuncture. Once you've learned to heal yourself, you may even consider a new profession in the healing arts. During this time you may also discover that you have undeveloped artistic talents and skills, and the creations you produce now will be very unique.

**Venus square Moon: 17-Sep-16, Exact  
enters orb: 15-Sep-16, 2.00 deg. orb - leaves orb: 18-Sep-16, 1.00 deg. orb**

### **Sun square Sun: 18-Sep-16, Exact**

**enters orb: 16-Sep-16, 2.00 deg. orb - leaves orb: 19-Sep-16, 1.00 deg. orb**

### **The Sun is in the 10th: 19-Sep-16, Moving Forwards at Degree 0 in a 25 Degree House**

The Sun is in the 10th house now. This will increase ambition and put the spotlight on your career. Dealings with authorities and the public are probable.

## Natal Transits Reading for Brad Pitt For 1 Month Starting 01-Sep-16

### **Uranus square Venus: 20-Sep-16, Exact**

**enters orb: 01-Sep-16, 0.60 deg. orb - leaves orb: 01-Oct-16, 0.39 deg. orb**

This transit occurs only twice in 84 years. Uranus is certain to liven up your love life at this time, and your relationships are likely to go through tremendous change. It is important to you now that your love life be exciting, and you will not tolerate a boring partner. You also seek greater freedom of movement now, and any relationship that can't adapt to this change in you must go, even a long-time marriage. If the marriage is solid, however, you will find a way to incorporate needed changes and continue your life together, although it will require compromise on both your parts.

A new partner may enter your life now who appears to offer you the greatest excitement and freedom. If this occurs, just be sure to wait until this transit has passed before you make a long-term commitment. You should certainly resist the temptation to toss aside the security of your marriage and family on a meaningless fling. You could be left with regrets later when the new flame suddenly dies down. During this transit, you are attracted to those who are very different from you in terms of age, race, background or social status. In a way, these relationships have a "taboo" feeling about them which you are rebelling against. Also, they are very safe emotionally. In looking for freedom now, you are actually looking for non-commitment.

Be careful not to go on a spending spree now. Your taste is more gaudy than usual now, and you may not be so happy with your good deals after the effects of this transit have passed. Also, be careful not to overdo on exotic food and drink.

### **Mars conjunct Sun: 20-Sep-16, Exact**

**enters orb: 17-Sep-16, 2.00 deg. orb - leaves orb: 22-Sep-16, 1.00 deg. orb**

Energy is especially high. Much can be accomplished if ego energies don't get out of hand. Do something physical.

### **Mars square Midheaven: 22-Sep-16, Exact**

**enters orb: 19-Sep-16, 2.00 deg. orb - leaves orb: 23-Sep-16, 1.00 deg. orb**

The aggressive energy you have today can get you into conflict with others, especially with superiors for those in professional life. Problems may crop up in the domestic area as well. Pay attention to your impulsivity today, and keep from frustrating yourself.

**Mercury conjunct Pluto: 23-Sep-16, 0.66 deg. orb**  
**enters orb: 17-Sep-16, 2.00 deg. orb - leaves orb: 24-Sep-16, 1.00 deg. orb**

This is a time to delve into the hidden elements. Communication is intense and persuasive, but choose words carefully.

**Neptune oppose Uranus: 23-Sep-16, Exact**  
**enters orb: 01-Sep-16, 0.61 deg. orb - leaves orb: 01-Oct-16, 0.17 deg. orb**

This once-in-a-lifetime transit will explode your consciousness, as you begin to understand aspects of life which you never dreamed possible. Some people experience staggering revelations during this transit which lead them to change their view of reality as they know it. You may begin to seek more information and experience in such areas as metaphysics, astrology, magic, yoga, meditation, or drugs. Another possibility is that you will join in activity aimed at transforming the world.

Psychologically, you are undergoing tremendous changes as you gain new understanding and perspective on life. Some of these changes may result from your disappointment in others who mislead or deceive you. Don't attempt to escape life's harsh realities through drugs or alcohol, for you could become addicted now. After this transit has passed, you will be able to see the full impact of these changes as you look back and realise that you are not at all the same person you were a year ago. Only then will you gain an appreciation of the insights you have gained.

If you feel confused or uncertain during this time, just pull back, don't fret, and wait for things to settle down. Since your judgement is more cloudy than usual, this is not a time to push things or to insist on meeting your goals right now. As a matter of fact, if you try to make long-range plans now you will probably find yourself changing them later as your thinking changes and your goals along with it. If you allow room for this erratic behaviour in your schedule, you'll have less difficulty.

Others who are not under the influence of this transit will wonder what is wrong with you. They can't see that a revolution in your ideas and life goals must take place now. You cannot expect everyone to understand, but those who are truly committed to you will.

own because you look at the world in a larger perspective, seeing yourself as a part of a greater whole.

You may join with others to work toward a common spiritual or social cause, or you may become more involved with organised religious or spiritual organisations. At the very least, these subjects are of greater interest to you now and you would benefit greatly from work or study in this area.

You are more concerned with your own inner peace now than with fame or fortune. Now you are able to look beyond your ego and listen to your own inner voice. It is possible that you will have psychic experiences now or develop your own latent psychic abilities. This is an excellent time to practice yoga and meditation. You will also be highly creative and imaginative, especially in projects involving the arts, music and poetry.

During this time you are more understanding of the plight of others, and you can remember when you were in a similar position to theirs. You are more accepting of the flaws in people now and understand that we are all the same under our skins. This knowledge allows you to put yourself in another's shoes instead of making judgements.

**enters orb: 01-Sep-16, 0.86 deg. orb - leaves orb: 26-Sep-16, 0.71 deg. orb**

This is a once-in-a-lifetime transit which occurs late in life and affects everyone in your age group. Pluto transits are times of intense change and usually last about a year. At this time you will ponder the greater meaning of life and your role in the universe. You are likely to try out new belief systems and may practice yoga, meditation, mysticism or metaphysical sciences. You are highly intuitive and may have psychic or paranormal experiences.

At this time it is easier for you to let go of your struggles and to allow the greater forces of the universe to guide you in life. You will achieve much more during this time if you can do so. Since you can see the larger perspective on life, you recognise that even the hardest times are all part of a larger plan. You're more patient with the seeming disappointments in life. New opportunities for growth may be presented to you, and you will become more stable and mature in your life in general.

This is an excellent time for self-examination and even psychotherapy. Recognising changes that need to be made in yourself and then making them comes easier at this time. You begin to see a deeper meaning in everyday events and to follow the lead of your higher self. Your dreams could be very revealing at this time.

### **Uranus square Moon: 01-Oct-16, 0.25 deg. orb**

**enters orb: 01-Sep-16, 1.24 deg. orb - leaves orb: 01-Oct-16, 0.25 deg. orb**

This transit occurs only twice in each 84-year cycle of Uranus and brings many sudden changes that will affect you at the emotional level. In your personal life you will be forced to deal with problems that you have ignored when they explode in the form of conflicts or sudden occurrences. Sometimes marriages end when one partner is undergoing this transit, but this need not be the case if the tension between you has not been severe and if you have dealt honestly with problems between you.

There is no doubt that you will undergo considerable changes during this time. You may suddenly have to repair your home, and you may encounter accidents in the home. One common problem at this time is electrical difficulties, such as with wiring or appliances. Now is not a good time to buy a new home. You would not be pleased with your choice once this transit has passed. If you must change residences now, exercise a great deal of caution.

You want more emotional freedom now, and your existing relationships will have to adjust to this change in you, or they will not last. Men are more likely than women to overreact to this transit by running away with a new partner, but women have also been known to do so. Be careful of conflicts with family members, perhaps concerning your choice of friends. Others may see you as emotionally unstable now, but the truth is that you are undergoing great change. You will emerge with a greater understanding of your emotional needs.

enters orb: 01-Sep-16, 1.85 deg. orb - leaves orb: 01-Oct-16, 0.28 deg. orb**

This transit will occur once in every 28- to 30-year cycle of Saturn and is a time of greatly increased responsibility. During this time you will eliminate people and situations from your life which are no longer contributing to your growth and success. In turn, you will replace them with others which are more supportive of the new structures you are establishing in your life.

You will approach your relationships very practically now, and you will not hesitate to coldly sever contact with people who do not serve a practical purpose in your life. All of your relationships will be challenged, but only the strong ones will survive. Others which are draining you or holding you back from accomplishing your goals are likely to end completely.

It is best to seek the company of those persons whose friendship you value now. If you isolate yourself completely, you are likely to become depressed and lonely. Although your everyday responsibilities may become more burdensome, you should still make time to enjoy the company of those closest to you. Now is a good time to seek the advice of persons who are older and more experienced than you, for they can provide insight into the changes you are undergoing now.

There are many tasks which require your attention and energy now, and you will find that you have less free time for recreation. You will work very hard to achieve your goals at this time, and you will be quite productive. It is better to work on finishing existing projects rather than to start new ones.

enters orb: 26-Sep-16, 1.17 deg. orb - leaves orb: 01-Oct-16, 1.17 deg. orb**

This transit will occur only once in your lifetime. At this time you will contemplate reality and search for a deeper meaning to life. It is a marvellous time to do research, either at the library or inside yourself through counselling. But you must learn to be a student as well as a teacher. If you can do this, you will find that your own ideas will change during this time. This is a good time to study scientific matters, including metaphysical sciences. You are highly intuitive and may even have psychic or paranormal experiences of your own. Meditation would be very beneficial now.

You communicate your ideas very intensely now. Just be sure not to push your ideas on others in your enthusiasm over your new-found knowledge. This may cause conflicts with others who will see you as a threat. Or it is possible that someone will try to force their ideas on you. Common areas of difficulty include: taxes, insurance, stocks, corporate affairs, divorce settlements, and inheritances.

You are good at getting to the root of problems at this time and will not be dissuaded in your search for the truth. You're good at investigating mysteries and may uncover dark secrets in your life. This is made easier by the fact that you can see through others quite clearly now. But be careful--some people see this as a personal threat.
