Natal Transits Reading for Donald Trump For 3 Months Starting 01-Nov-16

Introduction

The following pages describe the major transits that you will be experiencing over the coming period. These pages can give you insight into the challenges that you will encounter and the underlying lessons that they offer you. There are literally hundreds of transits occurring for you each year, so this report focuses on those which occur more infrequently and therefore present the greatest challenges.

The "Exact" transit dates and immediately prior to those dates are the times when the energies described will be felt most strongly and when actual events related to the transit are most likely to occur. Many transits will have three "Exact" dates listed. This is because the transiting planet goes retrograde (R) and then direct (D) again, causing three "hits." When this is the case, the issues associated with the transit will surface on the first hit, there will be some progress toward resolving these issues on the second hit, and the third hit will bring final resolution.

Read your transit report over once now to get a general overview of the coming period. Then, as the issues described in this report begin to appear in your life, you can refer back to this report for suggestions on how to best handle the changes that you are experiencing. Even the worst transit can be a valuable experience if you are fortunate enough to "get" the lesson that it offers.

The readings stress that you are the ultimate decider of your fate. Astrology can give you a "weather report" on the energies influencing you, but it is up to you to decide how you will react. Some people can benefit greatly under normally difficult transits because they eagerly meet the challenge head on. Others will not benefit from the most positive transits because they did not pursue opportunities presented to them. Request a personal reading if you would like to examine your upcoming changes more thoroughly.

Now on to your personal transits report.

Pluto square Chiron: 01-Nov-16, 0.34 deg. orb
enters orb: 01-Nov-16, 0.34 deg. orb - leaves orb: 29-Nov-16, 1.00 deg. orb

This Pluto transit will occur only twice in your lifetime and is a time of powerful transformation at the deepest level of your psyche. Whether or not this will be a traumatic experience largely depends on your attitude. If you believe you have to be "in control" in order to be secure, this transit will bring lessons about your personal use of power (or lack of it). You may encounter others who will attempt to manipulate and control you (especially authority figures, government bureaucracies or powerful corporations). Or, you may be forced to give up someone or something you thought you couldn't live without (despite your best efforts to control the situation). You have little patience with rules and regulations now, and this could lead to power struggles with authority figures. Learn to get your point across without endangering yourself and others.

Events may occur now which will bring up painful childhood memories, most likely related to sex, death, or money. Each of these memories is related to a deep wound you still carry from those early years, and they are resurfacing now to allow you to finally get to the root of unhealthy patterns in your life. This would be a good time to undergo therapy or other consciousness-raising activity that encourages intense self-examination. Once you've healed these long-time wounds, your relationships (and your sex life) will be much more fulfilling.

Your interest in metaphysical and occult subjects will increase now, as you look for greater meaning behind events which occur. You may become a believer in karma, as you watch your thoughts and actions come back to you almost immediately through others. At this time you may feel very powerful and could take on grand tasks, especially when working to bring about social and environmental reform. If it seems your actions are blocked at times, step back a moment to re-examine your path. When you're moving in the right direction, things should go very smoothly, just like swimming downstream.

Saturn sextile Chiron: 05-Nov-16, Exact**enters orb: 01-Nov-16, 0.52 deg. orb - leaves orb: 12-Nov-16, 0.75 deg. orb**

This transit will occur only twice in each 28- to 30-year cycle of Saturn. The older you are at the time it happens, the more "set in your ways" you're likely to have become. Try to remain open to change during this time, and allow yourself to question what you may have previously considered to be ultimate authority. Events in your life will put you in the position to choose between what you believe is best and what you are told (or ordered) to do, by your most respected superiors, leaders, or family members. Although you may have to change jobs now, by sticking to your ethics, you will gain the approval of others who can be influential in improving your career. It's also possible that you could work with others to bring about ethical reform in your chosen profession.

You will closely review choices you've made in the past and reassess your current life obligations. If you're only halfway committed to any person or situation (perhaps because of a sense of duty or obligation), you will decide either to change your attitude to one of full commitment or else terminate the contact altogether. It's also possible that responsibilities you've shirked in the past will resurface to be fulfilled (especially involving your parents or your children). If this occurs, be as fair and ethical as possible in your dealings, and look at it as a chance to correct past mistakes and repay karmic debts.

During this transit you may have a major breakthrough in your relationship with a major male role model from your youth, such as your father. You may be called upon to care for a loved one, or to change your career plans in order to fulfil an obligation to them. Although the childhood memories brought up by such events could be painful, it also allows you the opportunity to heal these old wounds and any unhealthy patterns they've caused in your life. This will allow you to improve your relationships and avoid making the same mistakes over and over. You may seek new techniques for self-improvement, such as acupuncture, chiropractic care, herbology, healing with crystals or prayer. You may even consider a new career in one of these fields.

Uranus trine Moon: 19-Nov-16, Exact**enters orb: 01-Nov-16, 0.64 deg. orb - leaves orb: 29-Dec-16, 0.64 deg. orb**

This transit occurs only twice in each 84-year cycle of Uranus and is an excellent time to make changes in your life, both internally and in your home environment. You may find that memories of the past (perhaps unpleasant ones) will resurface. For the first time you will be able to see the past in a different light and to modify old attitudes that you have carried over from that time.

Women will be very important in your life during this time, especially your mother and female relatives. They will help you gain new understanding of your own unconscious attitudes and habits in order that you can change them easily. You do not resist change so strongly at this time, but feel it is the natural thing to do for your own growth. This is an excellent time to change your residence and to expand your circle of friends. Unexpected financial gain is also common with this transit.

You may begin a new romance under this transit--one that brings with it feelings of excitement that you have never known before. The key to the success of any such relationship is that it maintain that feeling of newness and excitement indefinitely. This, of course, does not happen by itself and must be brought about purposefully by both partners. You may also find it necessary to change your existing relationships to be more free and exciting. You are subject to emotional boredom at this time.

Watch the many changes in your life with anticipation and excitement, not anxiety. You will be able to see their value in retrospect. Use your intuition to help guide you through current transitions. You are more psychic than usual and may receive helpful intuitive insight.

Venus oppose Mercury: 19-Nov-16, Exact

enters orb: 17-Nov-16, 2.00 deg. orb - leaves orb: 20-Nov-16, 1.00 deg. orb

Discussions about love and friendship can clear the air. Carefully chosen words prevent injured feelings.

Jupiter conjunct Chiron: 19-Nov-16, Exact

enters orb: 09-Nov-16, 2.00 deg. orb - leaves orb: 25-Nov-16, 1.00 deg. orb

This transit will occur only once in each 12-year cycle of Jupiter and is a good time to review long-held beliefs that you may not have previously questioned. These beliefs may be deeply imbedded in your psyche, especially those which you formed as a result of early life experiences. Now you're deciding which of your beliefs you'll keep because they ring true for you, and which you'll discard as really belonging to someone else. You may have to take a stand against valued family members, teachers and mentors in order to follow your own path. Don't hesitate to follow your instincts now; then you'll know better than anyone what's best for you.

This is an excellent time to travel to or study about foreign lands and cultures. You'll learn a great deal from those you meet on your journey (or in your classroom) that will help to broaden your view of the world. In the process of exploring the differences between the world's myriad cultures, you'll discover how similar we all really are. Then you'll return home with a more tolerant and accepting attitude toward your neighbours, as well as a renewed desire to share your new-found knowledge and experience with others. Resist any temptation to preach to others or push your ideas too hard, for this would surely lead to disagreements and conflict.

Your curiosity about metaphysical sciences and holistic health will also increase during this transit, either because of your increased sense of experimentation, or because you seek cures for physical, spiritual or psychological wounds you've found difficult to heal. You may try such new techniques as meditation, yoga, acupuncture, aromatherapy, homeopathy, healing with crystals or laying on of hands. It's possible you'll work with others to bring about greater acceptance for these alternative philosophies. You may even consider a new career in one of these fields.

Neptune trine Mercury: 20-Nov-16, 0.38 deg. orb

enters orb: 01-Nov-16, 0.48 deg. orb - leaves orb: 06-Jan-17, 1.01 deg. orb

This is a wonderful once-in-a-lifetime transit that brings out the best in your imagination and your intellect. Although the intuitive, psychic side often appears to be in conflict with the rational intellectual mind, during this transit these two parts of you work

Natal Transits Reading for Donald Trump For 3 Months Starting 01-Nov-16

together in harmony. You are not afraid to dream of accomplishing the impossible, yet you are realistic enough to analyse the situation logically.

You will feel an increased interest in metaphysical and spiritual matters. This may begin as a purely intellectual quest, or it may be prompted by psychic or spiritual experiences of your own. You will look for scientific explanations for the things you cannot explain now, rather than being swept away by the awesomeness of it all, as can happen with some Neptune transits. You are highly psychic now, and you may even seem to read the minds of others as you communicate with them. Used constructively, this new gift at communication can help you to gain greater understanding of your loved ones.

You are wide open to psychic impressions you receive from others, so it's best that you avoid overly negative or depressing situations. Your energy level is low, so take care to eat well and stay away from alcohol and drugs during this time.

If you have a natural interest in art, photography, music or writing (especially poetry), now is a good time to make time for it. You are good at expressing feelings intellectually now, and are very receptive to the same from others. If you are a teacher of any kind, this can also be very helpful in your work.

Mercury sextile Jupiter: 23-Nov-16, Exact enters orb: 22-Nov-16, 1.50 deg. orb - leaves orb: 24-Nov-16, 0.75 deg. orb

Saturn sextile Jupiter: 28-Nov-16, Exact**enters orb: 15-Nov-16, 1.50 deg. orb - leaves orb: 04-Dec-16, 0.75 deg. orb**

This is a good time for growth and for implementing new structures in your life. At this time you are able to blend the energy of Saturn (structure, self-discipline, responsibility) very easily with that of Jupiter (growth, expansion, higher learning, gambling). There may well be many opportunities presenting themselves to you, and you should take full advantage of them.

Natal Transits Reading for Donald Trump For 3 Months Starting 01-Nov-16

The growth that you undergo at this time will not be sudden or disruptive. It will be gradual and steady, and parts of your life that you build up now will have an enduring quality that will help them to survive the inevitable crises in your life later on. Nothing will be given to you for free now, and you will have to work for what you gain. Opportunity may knock, but it rarely knocks more than once. It is your responsibility to pursue your goals and to work hard for what you wish to achieve.

This is a favourable transit for all business matters, since you have a healthy mix of optimism and caution. You conduct yourself in a professional manner and are able to plan and manage projects well. You have more patience than usual and therefore can get your work done more efficiently and thoroughly. Your special efforts toward excellence will be appreciated by others at this time, and they will remember you when you seek their help later in furthering your career.

You can look at life rather philosophically now as you undergo intellectual and spiritual growth. You can understand that the best growth is slow and controlled rather than quick and rash, and you learn to work within the limitations that life provides. The foundations you lay now will have a steadying effect on your future.

Saturn oppose Uranus: 02-Dec-16, Exact
enters orb: 14-Nov-16, 2.00 deg. orb - leaves orb: 10-Dec-16, 1.00 deg. orb

With oppositions to Uranus the key phrase is "Anything Goes!" It is difficult to predict the exact effects of such transits because so much depends on the need for change in your life and your receptivity to it. If the structures you have built for yourself are too rigid and therefore inappropriate for your growth. Saturn/Uranus combinations are well known for tearing down structures which have become outdated and therefore are no longer useful.

Your obligations to the people in your life may become overbearing and oppressive. If you feel the need to rebel against this pressure and then suppress it, you are likely to develop physical problems, especially concerning the heart and nervous system. All relationships with others--including your mate, family members, Co-workers or friends--will be tested now. Those which are most valid and offer you the best opportunity for growth will survive. Many may fall by the wayside.

You will strongly resist the efforts of others who are trying to run your life. You may feel like rebelling against this oppression by throwing up your hands and walking away. This could apply to your job as well as to your relationships. Avoid impulsive actions; instead, sit and think about it before flying off the handle. Quite often changes merely need to be made, not the whole idea scrapped. Be patient with those around you now--they are trying to be patient with you.

The best use of this transit is to rise to the challenge it presents--to balance Uranus' need for change and freedom with Saturn's need for order and discipline. Just be sure to think before you act, especially since this transit is associated with financial and legal problems.

Jupiter conjunct Jupiter: 04-Dec-16, Exact

enters orb: 22-Nov-16, 2.00 deg. orb - leaves orb: 10-Dec-16, 1.00 deg. orb

This transit comes along only once every 12 years and signals the beginning of a new cycle of growth. In traditional astrology, it can signify tremendous luck and unexpected windfalls, but the results are usually more subtle.

You will be exposed to new philosophies now and this will broaden your outlook on life. It is possible that you will travel to foreign lands or that you will meet and learn from people from such places. Your understanding of the world will increase as you are very eager to explore new ways of thinking. You are more aware of your role as a world citizen and feel more like contributing to the good of the earth in general.

Although you feel more giving now, you may also be more demanding. It is possible to be both, as long as you keep a balance. You are highly optimistic and giving now, and at the same time you are intent upon furthering your own personal progress. More

Natal Transits Reading for Donald Trump For 3 Months Starting 01-Nov-16

than ever, this is a time of "what you get is what you give." You have a heightened sense of justice now, and this is a good time to settle legal disputes.

You can expect to meet new people who will be of great benefit to you during this new 12-year cycle. This is an excellent time to return to school or take refresher courses in subjects of interest to you. You will encounter new opportunities and increased freedom, and it is very likely that you will at least have the opportunity to travel.

Although this transit can indeed bring financial gain, it is wise to remember that opportunity only knocks once. You may feel over-confident now and may sit back and wait for the good things to come to you. If you do so, you will surely miss some great chances for success. Now is a good time to expand your business or make a carefully considered investment. Although you may feel as though nothing can go wrong, this is not a good time to gamble or to over-extend yourself. Be careful not to promise more than you can deliver. Also be careful not to over-indulge in food or drink.

This transit is known for being lucky, and always brings something unexpected. You feel like doing something out-of-the-ordinary at this time and want to explore new perspectives on life. You may feel the urge to travel and may have the sudden opportunity to do so during this time.

You may have new opportunities presented to you, seemingly from out of nowhere, such as money from the blue, a move to a better residence, a promotion, business opportunity, or a chance meeting with someone who contributes to your success. You may make exciting new friends or join a scientific, religious, occult, cultural or educational organisation which provides the support you need to achieve your goals. Whatever it is, it will require immediate action on your part and it will probably be a wild departure from your norm. You won't have time to sit around and consider the outcome.

Your mind is particularly sharp and inventive at this time. You may come up with innovative ideas that can be put into practice at a later time. Spiritual and metaphysical subjects are of great interest to you now, and you strive to incorporate these principles

into your belief system and everyday life. Your intuitive and psychic abilities are heightened; it is a good time to practice astrology. Saturn conjunct Moon: 30-Dec-16, Exact
enters orb: 13-Dec-16, 2.00 deg. orb - leaves orb: 08-Jan-17, 1.00 deg. orb

This transit offers the ideal opportunity for deep introspection and self-examination, as long as you do not become overly judgmental. You may feel lonely and depressed, and demands of career and/or family may create stress and financial hardship. Try not to take everything so seriously, and remember to smile at least once a day.

Saturn brings a pre-conceived ideal of perfection and righteousness. If you do not feel you live up to this ideal, you will become very self-critical and begin demanding impossible feats of yourself. If you cannot perform these feats and achieve these impossible goals, you will feel as though you are a failure. This leads to feelings of guilt and even self-destructiveness.

The Moon, however, represents your need for emotional nurturing and compassion--as well as your need and ability to give these to others. The Moon does not respond well to Saturn's demands and sometimes may become overwhelmed. Do not let this self-examination lead to self-doubt. This will in turn create a distance between you and your loved ones and prevent you from getting the nurturing that you also need so badly at this time. Eat right and get plenty of rest to avoid digestion problems.

You may feel like withdrawing from others and may encounter problems with your relationships--especially with females--and women from your past may re-enter your life

now. You may feel depressed, as though you have no feelings at all. This is not a good time to make "final" decisions about your emotional life. Wait for this transit to pass so that you can then see what you have learned from it and look at life from a more positive perspective. If relationships break up during this period, don't try to mend them until this transit has passed.

Jupiter sextile Moon: 01-Jan-17, Exact**enters orb: 19-Dec-16, 1.50 deg. orb - leaves orb: 09-Jan-17, 0.75 deg. orb**

This is a very pleasant transit, and you feel generally good about life. You are very generous with others and feel very protective of loved ones. You can be optimistic about your future now and have a very positive attitude.

No matter what your sex, relationships with women will be very beneficial to you at this time, emotionally and/or materially. You may meet a woman who acts as somewhat of a guide to you, helping you to better understand yourself emotionally. Or you may encounter a woman in your career who can be of assistance to you.

You are more interested than usual in spiritual or occult matters now. You are able to view the religious beliefs and values of your youth with a different attitude so that you can incorporate them into your present value system. You may have discarded many of these beliefs as worthless, but you may find they still hold some truth for you. It is also a good time to invest in real estate or other sound business ventures.

Your life is satisfying and fulfilled now. Your emotional needs are being met, and you make new friends more easily at this time. You will begin to see more clearly how you relate to others and can examine your methods for getting your needs met.

Natal Transits Reading for Donald Trump For 3 Months Starting 01-Nov-16

Often, this transit indicates a time when you deal with a group of people or are perhaps a public figure yourself. If you share any hard feelings with family members, now is a good time to clear up old grudges and disappointments. Family means a great deal to you now. Plan a family trip and have fun together.

Venus oppose Ascendant: 03-Jan-17, Exact enters orb: 01-Jan-17, 2.00 deg. orb - leaves orb: 04-Jan-17, 1.00 deg. orb

Your closest relationships benefit from today's transit, which confers peace and harmony. Thus, it is not good to be alone today, or to attempt to urge your point of view upon another.

Venus is in the 7th: 03-Jan-17, Moving Forwards at Degree 0 in a 28 Degree House

Venus is in the 7th house now, bringing warmth and harmony to close relations and partnerships. Timing is right for settling conflicts and openly expressing affection. Marriage prospers.

Chiron square Moon: 04-Jan-17, Exact enters orb: 01-Dec-16, 0.53 deg. orb - leaves orb: 29-Jan-17, 1.00 deg. orb

This transit will occur only twice in each 50-year cycle of Chiron. During this time, you will grow a great deal through your interactions with women, especially your mother or other female relatives. No matter what your own sex, you will develop a new perspective regarding women and femininity in general. It's possible that your mother will somehow monopolise your energy and/or resources, as you are required to nurture her. Events may occur which will reopen childhood wounds of abandonment by your mother, emotionally or physically. Life's occurrences will also help you identify and change your unhealthy habits in relationships, especially with women. In the process of changing your self-destructive patterns in life, you will alienate others who want you to keep playing the same old games. Don't worry too much about losing these relationships. Other, more healthy friendships will replace the old dysfunctional ones.

You are very sensitive now and may resent the fact that at times others are not as attentive to your needs as you are to theirs. At this time you may find that you feel unusually uncomfortable around children. Kids are a burden to you now, and you may find it very difficult to be nurturing as a parent. Or you may attract adults (especially women) who need fixing or mothering (or who will mother you). Any contact with children now can be both challenging and rewarding: challenging because it will bring up painful memories of your early life, and rewarding because of the opportunity to heal very old wounds. If you do not have children, you will probably not feel like starting a

family now, although some people are confronted with an unwanted pregnancy during this transit. If you are a woman, you could also have a problematic pregnancy or problems with your female organs or hormones.

You may consider moving residences now, either because you think the change offers greater personal growth, or because of the pressing needs of an important female in your life. Because you are very sensitive to your environment, your new location should be very nurturing. Now is a good time to heal your body as well as your emotions by breaking unhealthy habits such as smoking, overeating, or drinking too much coffee or alcohol. As you heal your family connections, all your unhealthy habits will become easier to shake. This is also an excellent time to try alternative forms of health care, such as herbs or acupuncture. Once you've learned to heal yourself, you may even consider a new profession in the healing arts.

Sun trine Midheaven: 14-Jan-17, Exact

Saturn oppose Sun: 14-Jan-17, Exact

enters orb: 27-Dec-16, 2.00 deg. orb - leaves orb: 24-Jan-17, 1.00 deg. orb

During this transit you may feel overly tired and weighed down by responsibility. Your energies are at the lowest point of the 28- to 30-year Saturn cycle; in addition this transit often is a time of obstacles and opposition from others that you must deal with. Employers and authority figures may be a source of trouble for you, and it is not likely that you will realise much success now. Children may also bring increased duties and responsibilities during this time.

Often people feel old during this period even if they are actually quite young. It is best to watch your health carefully now, especially if you actually are older. Don't strain yourself or allow pressures to build up to the point of breakdown. Your energy is low now, but once this transit has passed you will be able to carry out all your ambitious plans. For now, watch your health, especially your bones, back, skin, teeth and heart.

This transit is only part of your inner cycle of growth, and you should not fight it. Learn to go with the flow instead of trying to swim upstream when dealing with obstructions. For instance, if you are trapped in an unsatisfying marriage, it may come to an end under the influence of this transit. You find it easier than usual to leave behind relationships which are no longer working. It will be much easier for everyone in your life if you co-operate with the necessary changes taking place now instead of stubbornly resisting them.

Natal Transits Reading for Donald Trump For 3 Months Starting 01-Nov-16

At the end of this transit you will begin laying new foundations for future growth. While this time brings many endings, it is followed by a period of new beginnings. Any new projects that you undertake now will be tested in about seven years when Saturn squares your Sun, and you will reach a peak of achievement in about fourteen when Saturn conjuncts your Sun.

Be patient and allow this part of your cycle to pass. There are new opportunities around the corner. You are undergoing rapid changes now, and it is better to let this influence pass before beginning new projects.

**Pluto square Jupiter: 15-Jan-17, Exact
enters orb: 10-Nov-16, 2.00 deg. orb - leaves orb: 01-Feb-17, 0.55 deg. orb**

This once-in-a-lifetime transit can be an extremely fortunate time, especially for your career, or it can be frustrating and disappointing. How it turns out will largely depend on your attitude. Now is not the time to pursue a "get rich quick" scheme or to take on seemingly impossible tasks. Such gambles are likely to backfire, especially if you are arrogant and demanding toward others. The more self-righteous you are feeling now, the greater danger there is of a negative outcome.

You feel optimistic now, and you fully expect your efforts to succeed. This could indeed happen, but only if you are able to recognise that others' needs are as important as yours. You'll make a lot more progress if you can develop a sense of compromise and co-operation rather than having wild expectations that you demand others live up to. No one enjoys being pushed around. This transit is an unfavourable time for legal conflicts, especially those involving taxes, insurance, loans, corporate affairs or inheritances.

It is possible that during this transit you will encounter charismatic individuals or groups of a religious or metaphysical nature. The only danger is that you may become obsessed with ideas which you then attempt to force onto others. On the other hand, you may find yourself the victim of someone else's attempt to force their ideas on you. At the worst extreme, such power struggles may result in legal problems or even arrest.

Natal Transits Reading for Donald Trump For 3 Months Starting 01-Nov-16

You may indulge in activities that are traditionally associated with Jupiter, such as travel, physical activity (such as hiking), or higher education. You may travel to foreign places or be increasingly exposed to more "international people". You may even discover a new love through these pursuits. At this time you are more curious and open-minded about new and different cultures and lifestyles. You get along well with others now and have a healthy sense of humour about life. Your health is also good at this time.

You feel very generous and benevolent toward others now, especially those who are less fortunate. The only danger with this transit (like many Jupiter transits) is that you will be over-optimistic and take foolish risks and gambles. You feel a little like Superman right now, and your estimates of what you can accomplish may be a little unrealistic for a mere human.

Finances usually improve under this transit. At the very least, you will not have to work so hard for the money you get. It is also an excellent time to resolve legal matters. You will feel like surrounding yourself with beauty, and it is good to reward yourself. Just be careful that you don't spend as much (or more) money than you take in.

Chiron square Sun: 01-Feb-17, 0.60 deg. orb

enters orb: 24-Dec-16, 2.00 deg. orb - leaves orb: 01-Feb-17, 0.60 deg. orb

This transit will occur only twice in each 50-year cycle of Chiron. During this time, you're likely to have a deflated ego and even feel like you've been demoted. Although you like the idea of being on centre stage, you're more sensitive than usual to criticism, and you may encounter more than your share now. With a little effort, you'll learn not to take things so personally. You may grudgingly find yourself in a position to promote the talents of someone else and to help them achieve the fame they (and you) desire. Be careful not to view your mentors or role models as super-heroes. No matter how impressive their accomplishments, they are still only human. It's also possible that you'll become overly demanding, especially if you've previously hesitated to fight for what you want in life.

You may attract wounded friends now (especially men) who help you clearly recognise patterns you've repeated in your relationships that have caused a great deal of suffering. This new perspective may be brought about by painful experiences involving major male figures in your life which leave you feeling insecure or even helpless. If this transit brings unpleasant memories of early childhood wounds, be reassured that this is the first step toward a permanent healing. Be willing to forgive others, and to admit you're wrong if need be. Although it may seem that everyone is against you, in reality you are probably feeling more argumentative than usual. If strong feelings surface now, don't try to suppress them because of your wounded pride. If you do, the pent-up tension could manifest in your life as illness or crisis situations. Try having frequent shoulder massages during this time to ease stress.

You are attracted to alternative forms of health care now, and you may even develop healing talents yourself. If you become a healer, you will pursue your new vocation with great intensity and purpose, as though it were your life's destiny. In a way it is, because as you learn to help others, you will also heal yourself. However, this process is not likely to be an easy one. Look within for answers to life's problems rather than blindly following the advice of others. You'll attract many advisors who are anxious to guide you, but you must also develop your own judgement as to what's best for you.

Jupiter square Saturn: 01-Feb-17, 0.68 deg. orb

enters orb: 07-Jan-17, 2.00 deg. orb - leaves orb: 01-Feb-17, 0.68 deg. orb

At this time you will weed out many unnecessary people and things from your life. Your moral values and behaviour patterns will change to become more appropriate to the "new you" that is emerging. Now is a good time to go to a retreat or at least take time for meditation. It is not a good time to rely on the opinions of others because you are likely to get wildly conflicting advice.

Natal Transits Reading for Donald Trump For 3 Months Starting 01-Nov-16

The challenge to you at this time is to balance out your life--cutting back in those areas that require it and growing in others. Your business may suffer financial difficulties or layoffs. If you expand your business during this time, be sure to stay within your means. Make a budget and stick to it. Whatever you do now in your professional life will have a more important impact than usual on your future. Be patient and take your time to find the proper solution to any problems.

Be careful with finances during this time and resist the temptation to rebel against your limitations by spending wildly. You may change jobs under this transit because a better offer comes along with more opportunity for growth. This is a good time for a career change, but be careful to do it in a way that is not disruptive to you or anyone else. Your reputation may be challenged by mistakes from your past. Don't expect much help from your friends in high places. This is also an unfavourable time for legal disputes.

You may feel restless and impatient now, uncertain about your future. You know that changes need to be made in your life, but you may not be sure exactly where or how. Take your time when making any important decisions. Think through your options carefully before acting.

**Chiron trine Saturn: 01-Feb-17, 1.46 deg. orb
enters orb: 20-Jan-17, 2.00 deg. orb - leaves orb: 01-Feb-17, 1.46 deg. orb**

This transit will occur only twice in each 50-year cycle of Chiron. During this time you will closely re-examine your level of commitment in various areas of your life (especially your relationships). You may form a deep, committed relationship, or reach new levels in an existing romance. Or, you may end a long-time partnership after realising you initially made the commitment for all the "wrong" reasons (usually as a result of duty, obligation or even tradition). If you have shirked your responsibilities toward others in the past, they are likely to come back and haunt you. This gives you the opportunity to do things differently now and deal with others fairly and honestly.

You may change careers during this time, especially if someone else, such as your family or spouse chose your current profession for you. If you've enjoyed a relatively secure and stable existence, you may have to tighten your belt and modify your lifestyle in order to adapt to the changing world around you. However, you're very perceptive now and are quick to come up with creative solutions. Instead of becoming bitter over unfulfilled dreams, learn to give thanks for what you do have. Events in your life are likely to bring many latent problems to the surface to be resolved (mostly related to childhood wounds that have never healed. The more progress you can make toward healing these scars, the easier it will be for you when Chiron squares or opposes your natal Saturn in a few years.

Natal Transits Reading for Donald Trump For 3 Months Starting 01-Nov-16

During this time you'll focus on building the foundation for a new future--one based on your own ideas and life goals, rather than those thrust upon you by others. You realise that you create your reality, and you're ready to work hard to manifest your own personal and professional success. Others will offer you plenty of advice, but in the end you have to follow your own inner guidance. Once you learn to find and pursue your own destiny, you'll be able to share your experience and help others do the same.
