Romantic Compatibility Report for Catherine & Prince William

Introduction

This astrological compatibility report helps you compare two charts by 1) identifying each partner's emotional needs by describing their Descendant (7th house cusp), Sun, Moon, Mercury, Venus, and Mars; and 2) examining the way their two charts interact. After describing what each partner needs in their love life, the report assesses their interaction by describing the significant aspects between their charts. These aspects identify areas of attraction, harmony, and conflict. The "Strength" noted for each aspect shows its degree of influence on the relationship. The Strength combines the aspect's closeness of exactitude with its positive or negative value for compatibility purposes. The higher the Strength is, the more strongly the aspect is likely to be felt and acted out in the relationship.

Romantic Compatibility Report for Catherine & Prince William

Planets in Signs

Catherine's Scorpio Descendant

You seek intensity in your relationships and require a partner with whom you can enjoy a strongly sensual interchange. Sexual expression is very important to you, as are financial considerations in a love affair. Your partner must also be emotionally stimulating to you in order for you to be satisfied in a marriage.

There is a tendency to be jealous and possessive with this sign on the cusp of your seventh house, and at the very least your relationships will contain power struggles. Your emotions simmer undetected under the surface undetected for a long time before exploding.

Prince's Gemini Descendant

In love relationships you prefer a partner who is intellectually stimulating and exciting to converse with. They must also be adaptable, inquisitive and somewhat dualistic in personality. You may often choose young partners or at least those who maintain a youthful demeanour into their adult life. Instead of planning your romantic encounters, you prefer to be more spontaneous and just follow the mood.

Through marriage (or other long-term committed relationship), you will learn to express yourself with consideration for another. The best lover for you would be one who could provide some grounding to help you cope with the mundane realities of life.

Romantic Compatibility Report for Catherine & Prince William

Catherine's Sun in Capricorn

You are a very stable and reliable lover. Although it may take you a while to decide to make a commitment (we must be careful, you know), you are a dependable mate once you take the plunge. You have high expectations for your partners which may be difficult for them to live up to. Be patient and forgiving with your loved ones; others are not always as strong and dependable as you are.

For a happy long-term relationship you need a partner who is alive and spontaneous and who will bring new vigour into the union. In turn, you will provide stability and grounding for such a partner. You need a sensitive partner who can hear all the feelings you don't communicate and to understand and love you as you are.

Prince's Sun in Cancer

You are very much like the crab in your relationships-- soft on the inside and hard on the outside. Only those close to you know how vulnerable you truly are. You are very private about your love life, and you don't appreciate others prying into your personal affairs or spreading gossip about you.

As a lover, you tend to lavish your partner with love and affection. You are generous to a fault, and you can engulf your lover with your all-consuming love. For this reason, you would do better with a partner who is not overly independent, or else they may see your constant attentiveness as clinging. You would do best with a partner who enjoys staring into your eyes for hours, and who wants to not only love you, but to merge souls with you.

Romantic Compatibility Report for Catherine & Prince William

Catherine's Moon in Cancer

You are subject to wild mood swings, ranging from blissful excitement to deep depression, and have a tendency toward possessiveness regarding both material things and lovers. Women with this Moon placement make very nurturing mothers, while men are responsible providers for their children. Although you are quick to bestow favours on loved ones, you always expect something in return and feel dejected if you don't receive it. Be careful not to use guilt to obtain your emotional goals.

You are good at planning for your retirement, and often once people with this placement pass forty years of age, they seem to become more youthful. It is important to you that you have the opportunity to be a grandparent. With business associates you are very shrewd and capable of making money quite easily, especially when it involves real estate and businesses located in the home.

Romantic Compatibility Report for Catherine & Prince William

Catherine's Mercury in Aquarius

You have a very sharp and inventive mind, and your ideas may seem outrageous to others. You find scientific and metaphysical studies to be intellectually invigorating, and you would prefer a partner who shares these interests (or at least doesn't criticise your beliefs).

Sexual experimentation comes naturally to you, and you will approach it carefully and cautiously, almost scientifically. Stimulation of your mind is at least as important as arousal of your body, and you need a partner who can turn you on intellectually. You are very eclectic in your approach to lovemaking and offer your partner a constantly changing sexual repertoire. For this reason you are usually an excellent lover.

Prince's Mercury in Gemini

Communication and mental affinity are important to you in your relationships, and you and your partner will probably share many erotic discussions. Your imagination is very sharp, and it is imperative that you do not allow yourself to become bored intellectually. For this reason, your partner must learn to excite you mentally as well as physically.

You are a pro at whispering "sweet nothings" to turn your lover on, and you may enjoy discussing the intricate details of lovemaking with your partner, before, during and/or after the experience. You also enjoy reading erotic material and may get new ideas for expanding your own repertoire of fantasies. You need a partner who is adventurous enough in sex to constantly try out new ideas with you.

Romantic Compatibility Report for Catherine & Prince William

Catherine's Venus in Aquarius

In your love relationships you prefer a partner who is unique and a little off-beat by society's standards. You need a lover who can respect your need for personal freedom and your own individual identity. Because you are so afraid of being tied down, it is difficult for you to establish and maintain long-term love relationships.

You are rebellious and "negatively suggestible" in your love affairs. That is, the best way to get you to do something is to demand that you do just the opposite. You can be extremely stubborn at times and can turn ice cold when you are hurt. Once you have committed yourself to a partner, you are loyal and truthful and are willing to extend the same personal freedom to your lover that you desire.

Prince's Venus in Taurus

You are an earthy lover and enjoy indulging in the physical pleasures of your relationships. The best way to win your heart is to lavish you with affection and gifts. You appreciate the finer things in life and require a comfortable home environment. This placement of Venus also makes you determined (maybe even stubborn) and slow to arouse (whether in anger or in sex).

It is important that your partner be consistent and reliable. You admire inner strength in a lover; it is important that your mate love you without leaning on you or clinging to you. You tend to expect near perfection in your partners and should try to remember that no one is perfect-- not even you. Your sexual experiences can be enhanced by a pleasing, romantic setting.

Romantic Compatibility Report for Catherine & Prince William

Catherine's Mars in Libra

You seek a certain amount of refinement and social grace in your partner. Appearances are important to you, and you are concerned about what others think of you. It is likely that your partner will be physically attractive as well as poised and tactful. You are very attentive and will go to extreme lengths to please your partner.

You often instigate change in your relationships and become bored quickly with any that become static. Just be sure that you do not provoke change just for the sake of change; learn to recognise which elements of your relationship should be preserved and which should be thrown out. It is important to you that any relationship you have maintain a quality of fairness.
